Annual output of the top-20 research themes (OpenAlex topics)
Total
CAGR %
2016→2024
T01 Land Use and Ecosystem Services
T02 Conservation, Biodiversity, and Resource Management
T03 Coastal wetland ecosystem dynamics
T04 Remote Sensing in Agriculture
T05 Hydrology and Watershed Management Studies
T06 Ecology and Vegetation Dynamics Studies
T07 Environmental Changes in China
T08 Soil erosion and sediment transport
T09 Species Distribution and Climate Change
T10 Soil Carbon and Nitrogen Dynamics
T11 Urban Arborization and Environmental Studies
T12 Wetland Management and Conservation
T13 Marine and coastal plant biology
T14 Urban Heat Island Mitigation
T15 Remote-Sensing Image Classification
T16 Plant and animal studies
T17 Urban Green Space and Health
T18 Forest Management and Policy
T19 Plant Water Relations and Carbon Dynamics
T20 Coastal and Marine Management
